

SCALAR ENERGY – General Information

We evolved in scalar energy and it surrounds us and is within us. All fields in Nature are scalar. Scalar = Energy. Scalar energy was accidentally released by the genius, Nikola Tesla who called it 'radiant energy'. Albert Einstein considered the most influential physicist of the 20th century documented how it could be practically applied to benefit humanity. Today it is also called, 'zero point energy', a 'torsion field', and a 'Tesla wave'.

Tesla warned of the dangers of X-ray radiation and learned how to harness scalar energy from one transmitter to another without using any wires, as he planned to utilize scalar energy as the preferred carrier wave for all telecommunications. Today, scalar technology is utilized for communication systems and also used in locating humans and other animals during rescue-search operations. Communications in the future will be scalar based as opposed to the undesirable human-made EMF that now constantly surround us.

Spurred on by the work of scientist Rosalind Franklin, American biologist James Watson and English biochemist Francis Crick discovered DNA's double-helix structure in 1953. Today we know our DNA shares characteristics with scalar energy, life-affirming energy that positively affects humans at the cellular level.

It is written that Antoine Priore (1912–1983) utilized a powerful and accurate scalar energy instrument that effectively reprogrammed the mutated DNA in both humans and animals alike, and subsequently cured all types of cancer. Thomas Galen Hieronymus (1895-1988) observed that each organ or tissue in the human body possessed a unique scalar energy harmonic and that the level of vitality of an organ or tissue could likewise be ascertained by way of scalar energy analysis.

When precisely utilized, scalar energy - which has existed since the beginning - has the ability to raise the energy level of every cell in the body. Today, there are 'scalar wave chambers' that emanate therapeutic scalar waves.

Scalar wave energy is clinically proven to enhance:

- clarity
- anti-aging
- meditation
- rejuvenation
- general health and well-being

Scalar wave energy has also been shown to:

- elevate moods
- increase energy levels
- allow cell regeneration
- decrease the effects of stress on the body
- positively influence the immune and nervous systems

Professor James L Oschman in his book *Energy Medicine The Scientific Basis*, comments that scalar energy appears to be intimately involved in healing. Immersing our inner and outer environment with precisely enhanced scalar energy technologies has the potential to assist us in leading a life of optimal functioning.
